

STUDY DAYS

<https://communicationmatters.org.uk/what-we-do/study-days/>

Study days

Study days help people to learn about a part of AAC.

AAC is used to mean many different ways to help someone communicate. It could be simple things like pointing, signing, writing or drawing. It could also be using a special device like a machine that 'speaks' words for you.

Study days are for:

- Staff teams
- AAC users
- Parents and other family members
- Staff who work with AAC users
- Health professionals

What do you learn?

You will learn:

- More about good ways that AAC is being used in different parts of the country

- More about issues for AAC users
- More about what new devices and ways of working are available
