

ASSESSMENT

<https://communicationmatters.org.uk/what-is-aac/assessment/>

We are looking at this page to make sure that any information is up to date.

Communication Matters is looking at how people get funding and support for **AAC assessment** and equipment.

AAC is used to mean many different ways to help someone communicate. It could be simple things like pointing, signing, writing or drawing. It could also be using a special device like a machine that 'speaks' words for you.

Assessment is where you work with a professional to work out the best equipment for you.

We want to use this page to give people information about assessment services locally.
