

UNSpoken PROJECT 2017

<https://communicationmatters.org.uk/what-we-do/projects/past-project-unspoken-project-2017/>

The Unspoken Project was a project to make information that could be used to help people learn about **AAC**.

AAC is used to mean different ways to help someone communicate. It could be simple things like pointing, signing, writing or drawing. It could also be using a computer that 'speaks' words for you.

You could get the information online.

The information was based on the Unspoken Project theatre production, Speechless.

Speechless was a show that was performed at the Communication Matters Conference in 2016.

You can download the [Speechless Learning Package](#) (pdf).
